What's new at the club

Deals live on the homepage - every deal now sits at the top of mathisflightclub.com, shuffled fresh every hour.

India-only, always - every deal departs an Indian city. No more fares you cannot use.

One-tap booking - every deal card has a View this deal button with exact dates and booking links.

Plain words - prices now read "(Flight and Return)", never "rtn" again.

New on the blog - Flight deals from India: 6 fares + 9 sale codes.

Our Chennai fare tracker now crawls weekly, so fresh home-airport fares return from November. Until then, the nine India fares above are the real finds of the week - plus one worldwide steal.

Happy travels,
Mathi
